

Synovium® Complete Care

INSTRUCTIONS

Routine use: Apply directly to stifles, fetlocks, shins and tendons after periods of training. Spread evenly no more than 6mm thick.

For more prolonged effect: Wrap with moistened brown paper and bandage. Repeat as necessary after 24 hours. To remove, wash off with water.

1.5kg / 5kg / 10kg / 20kg Tub

CLAY & COOL has a uniquely developed composition, containing 100% natural active ingredients for optimal performance. Designed to cool hot & tired legs, applied before or after exercise. Long lasting effects. The added thyme oil makes it suitable for use on dry and cracked skin.

Ready to use, easy to apply, and has a superior longer lasting formula, with no need to wrap or bandage, easy to wash off. Should be used as part of the daily routine, to care for and help maintain healthy legs.

The ingredients of this product are not listed on the FEI Clean Sport prohibited substance database list. Take into account the applicable rules of your federation during competitions
